Subject:

Regarding the curriculum for online school education during the COVID Period.

Madam/Sir,

Please find enclosed herewith the copy of letter No. NCPCR/2020-21/REC/EDU dated 07.07.2020 of National Commission for Protection of Child Rights, New Delhi received through, the office of Additional Chief Secretary (SJ&E) to the Government of Himachal Pradesh regarding the "curriculum for online school education during the COVID Period" on the subject cited above.

In this context, it is to inform you that the National Council of Education Research and Training (NCERT) has developed alternative Academic Calendar for all classes from primary to higher secondary and are linked with the learning outcomes. These activities are available at <http://ncert.nic.in/aac.html>.

Therefore you are directed to take further necessary action in the aforesaid matter and circulate the copy of this letter along with above the mentioned link to all the stakeholders under intimation to this Directorate.

Encls.:- As above.

The Secretaries, School Education Department, All States/UTs

The Chairperson, All State Commissions for Protection of Child Rights (SCPCR)

Subject: Regarding the curriculum for online school education during the Covid period

Dear Sir,

As you are aware, the National Commission for Protection of Child Rights (NCPCR) was set up by an Act of Parliament under CPCRA Act, 2005 to ensure that all children enjoy their rights and that their rights are protected. The Commission is empowered to inquire into and investigate the rights of children and to recommend appropriate steps to be taken for their protection under the Constitution of India.

During this time, amidst the COVID-19 pandemic when the schools have not opened, considering the safety of children, online education is one medium to reach out to the children and provide learning opportunities. The MHA Order No. 40-3/2020-DM-I(A) dated 29.03.2020 permits and encourages online education. Though schools are providing education through digital means, NCPCR has been receiving various representations from parents regarding the health issues that may arise due to long periods of online education and the curriculum of the schools.

In this regard, it is stated that the National Council of Educational Research and Training (NCERT) under the Academic Authority under section 29(1) of the RTE Act, 2009 and the Academic Authority, All India Council for Technical Education (AITEC) under section 10 of the Act, 1987 includes their guidelines for the school subjects, which are being followed by the States. The guidelines for the school subjects are available at [www.ncert.nic.in](http://www.ncert.nic.in).

6

1. Hence, ER PCB, under section 13(1)(j) recommends the following directions:

- (a) Further follow the NCERT's Alternate Academic Calendar for primary and upper primary classes, or may direct the Academic Authority as defined in State RTE Rules to adopt and contextualize NCERT's Alternate Academic Calendar as per the State curriculum.
- (b) Issue necessary direction to the concerned schools in your State/UT to ensure that all schools, as defined under section 2 (a) of the RTE Act, 2009, shall follow the Alternate Academic Calendar for primary and upper primary classes, by NCERT/SCERT.
- (c) Similarly, keeping in view the health and overall well being of the children and considering the limited resources available with parents/children during these times, the Alternate Academic Calendar for higher and higher secondary classes, may also be adopted in all schools.
- (d) This will help in reducing the inconsistencies between the online education being extended to children and shall also help in controlling the harmful effects of extended outdoor teaching hours.

This is for your perusal and further necessary action.
