JAWAHAR NAVODAYA VIDYALAYA SELECTION TEST

Practice Questions

Navodaya Vidyalaya Samiti

(An Autonomous Body Under Ministry of Education) Government Of India

NAVODAYA VIDYALAYA SAMITI

CLASS VI - JAWAHAR NAVODAYA VIDYALAYA SELECTION TEST (JNVST)

Sample questions for practice of aspiring candidates

Introduction

In accordance with the National Policy of Education (1986), Government of India started Jawahar Navodaya Vidyalayas (JNVs). Presently the JNVs are spread in 27 States and 08 Union Territories. These are co-educational residential schools fully financed and administered by Government of India through an autonomous organization, Navodaya Vidyalaya Samiti.

Objective of the Scheme

- (i) To provide good quality modern education including a strong component of culture, inculcation of values, awareness of the environment, adventure activities and physical education to the talented children predominantly from rural areas.
- (ii) To ensure that students attain a reasonable level of competency in three languages.
- (iii) To promote National integration through migration of students from Hindi to Non-Hindi speaking State and vice-versa.
- (iv) To serve in each district as focal point for improvement in quality of school education in general through sharing of experiences and facilities.

Admissions in JNVs

Admissions in JNVs are made through the **Jawahar Navodaya Vidyalaya Selection Test (JNVST)** to Class VI. Provision is made for online registration of applications as per NVS criteria. Selection of students is done through Jawahar Navodaya Vidyalaya Selection Test [JNVST] only, by following reservation policy and selection criteria of NVS.

Composition of the Test

The selection test will be of two-hour duration from 11:30 am to 01:30 pm and will have 3 sections with only objective type questions. There are 80 questions in all for 100 marks.

Type of Test	Number of Questions	Marks	Duration
Mental ability Test	40	50	60 Minutes
Arithmetic Test	20	25	30 Minutes
Language Test	20	25	30 Minutes
Total	80	100	2 Hours

A single test booklet comprising of all the three sections will be given to each candidate. Additional time of 40 minutes will be allowed for "Divyang students" (differently-abled students)

The different parts in **Mental Ability** section are:

- Odd Man Out
- Figure Matching
- Pattern Completion
- Figure Series Completion
- Analogy
- Geometrical Figure Completion
- Mirror Imaging
- Punched Hole Pattern
- Space Visualisation
- Embedded Figure

The session Arithmetic has sample areas like Speed and time, work done and time, simple interest, perimeter and area of square and rectangle, arithmetic simplification, profit and loss, percentage etc.

The language component part addresses the learner's ability to process to understand which includes literal level, inferential level and the critical and evaluative level.

All areas are provided, in the form of MCQ, for the practice of the learners.

Objective of releasing sample questions

Familiarization of the test towards its stakeholders will therefore be an advantage for those who aspire towards their selection to JNVs. NVS has taken initiative in developing Resource material [Learner support material], which has been supported, by all Regional offices and JNVs. NVS is providing a suitable platform for the aspirants of JNVST to face the selection test with confidence. For other details, notification of NVS may kindly be referred.

NVS acknowledges all stakeholders in the development of this Resource material

It is believed that this material will be of immense help to the learners towards their familiarization, understanding of JNVST and towards their application. Being the maiden attempt, suggestions are most welcome to improve the quality further.
